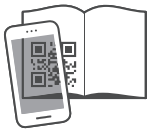
THE NEW BMW M4 COUPÉ.
THE NEW BMW M4 CONVERTIBLE.
THE NEW BMW M3 SALOON.

International version. Please contact your local dealer for country specific information.

GET MORE FROM YOUR BROCHURE.

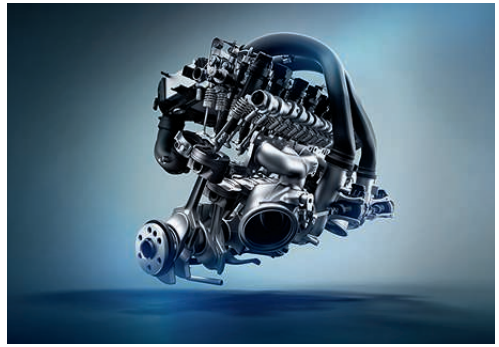
Films, image galleries and much more – discover exciting digital content on every page with a QR code.



All you need is a QR code-reader which you can simply choose and download from the App Store. Start the reader and hold your smartphone or tablet about 20cm from the code.

You can also discover the BMW M4 Coupé, BMW M3 Saloon and BMW M4 Convertible in a digital brochure. Simply download it directly to your tablet from the BMW brochure app, which can be found in the App Store.

Internet use, depending on your mobile contract, may incur costs.



ONE WITH THE MACHINE.

THE MODELS SHOWN.

04 **BMW M4 COUPÉ:**
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Black. Exterior in Austin Yellow metallic, seats in Black full Merino leather, Carbon Fibre interior trim with black chrome accent.

10 **BMW M3 SALOON:**
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Ferric Grey. Exterior in Yas Marina Blue metallic, seats in Silverstone full Merino leather, Carbon Fibre interior trim with black chrome accent.

14 **BMW M4 CONVERTIBLE:**
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Black. Exterior in Mineral Grey metallic, seats in Sakhir Orange full Merino leather, Carbon Fibre interior trim with black chrome accent.

INNOVATION AND TECHNOLOGY.

22 **M TWIN POWER TURBO ENGINE:**
Power with maximum efficiency.

24 **INTELLIGENT LIGHTWEIGHT CONSTRUCTION AND ATHLETIC DESIGN:** The art of engineering – at its most powerful.

26 **CHASSIS:** Innovative systems for more driving pleasure.

28 **BMW CONNECTED DRIVE:** Services & Apps and driver assistance.

INDIVIDUALITY AND VERSATILITY.

32 **EQUIPMENT:** Equipment highlights and BMW Individual.

44 **COLOURS:** A world of colour for the exterior and interior.

48 **TECHNICAL DATA:** Engine, performance, fuel consumption, weight, wheels, electrical system and dimensions.

50 **BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

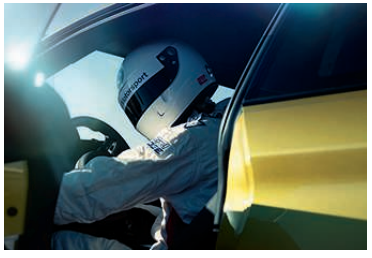
TRAIL BLAZERS

ONE WITH THE MACHINE.

Maximum performance at the limit. The new BMW M4 Coupé, new BMW M3 Saloon and the new BMW M4 Convertible confront the laws of physics – three icons that yet again set new standards with unprecedented precision. But they don't just push the physical limits. They also extend the boundaries for the driver, making what was once thought impossible, possible – when man and machine become one.

EXPERIENCE THE NEW BMW M4 COUPÉ AND THE NEW BMW M3 SALOON IN THIS FILM.

AN ENGINE YOU IGNITE.
WITH EXPLOSIVE RESULTS.



The M TwinPower Turbo engine delivers the best of both worlds in each of the three models: a 7,600rpm high-revving concept and highly efficient power – with peak torque of 550Nm and output of 317kW (431hp) at your command. With the optional 7-gear M dual-clutch transmission, it takes 4.1 seconds to reach 100km/h (4.4s in the BMW M4 Convertible); 200km/h arrives 9.5 seconds later (BMW M4 Convertible: 10.4s). The overall concept, now in its fifth-generation, has reached a new peak of technical perfection. And you will feel the results in every kilometre.

M RH 6566

Master every driving situation. A perfected lightweight construction concept and an extremely low centre of gravity provide the basis for exceptional handling characteristics. The intelligent material mix of carbon, aluminium and magnesium ensures outstandingly low vehicle weight. And thousands of test laps have proved, without question, that the BMW M3 Saloon, BMW M4 Coupé and the BMW M4 Convertible set new benchmarks when it comes to agility and dynamism.

CARBON. ALUMINIUM. MAGNESIUM. ADRENALINE.

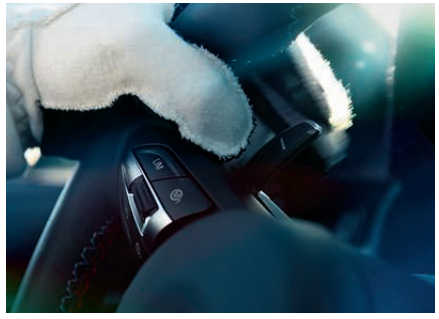
EXPERIENCE M GENES AT THE LIMIT IN THIS SHORT FILM.

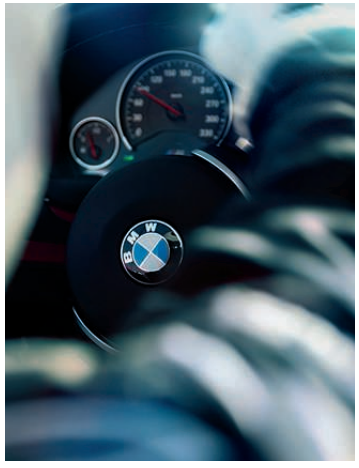
PUT THE BRAKES ON PHYSICS.

Everything is designed for maximum control in the driver-orientated cockpit: all elements, such as the M seats with their bucket-style character and the M leather steering wheel, ensure perfect ergonomics and command of the vehicle – even in the most dynamic situations. The optional M Carbon Ceramic Brakes reduce weight even more and, with their larger discs and increased number of pistons, further optimise performance, the motor sport feel and service life. The M-specific BMW Head-Up Display, available on request, projects the most important data into your field of vision – so you always keep your eyes on the road. Because what you can see, you can also master.

M LU 8107

FRESH AIR,
TO TAKE YOUR BREATH AWAY.

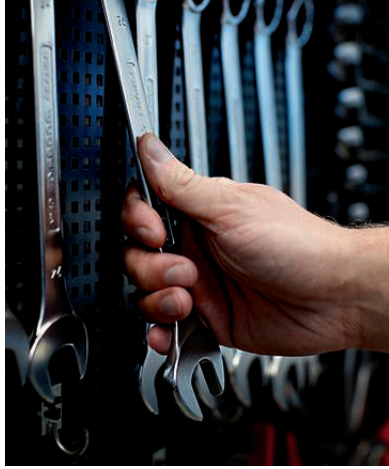


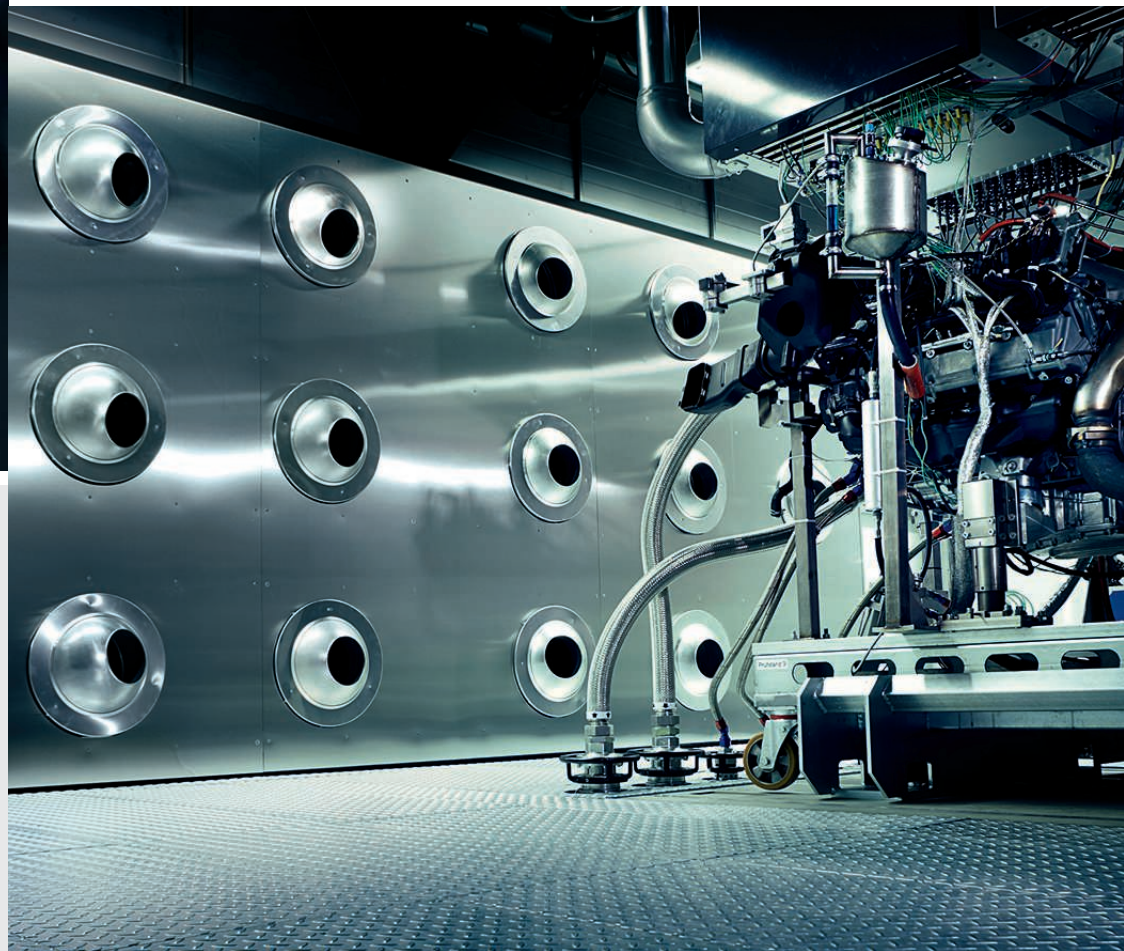


The apex of the curve is clearly in sight, the machine under perfect control. Like the new BMW M4 Coupé and the new BMW M3 Saloon, the new BMW M4 Convertible has been designed using motor sport technology for pure dynamics at the performance limits. The aerodynamic M design, meanwhile, does more than showcase your commanding position. It also helps you hold your lead in the race.

EXPERIENCE THE NEW BMW M4 CONVERTIBLE IN THIS FILM.

YOU DECIDE
WHO COMES FIRST.





INNOVATION AND TECHNOLOGY.

M TWIN POWER TURBO ENGINE: Power with maximum efficiency.

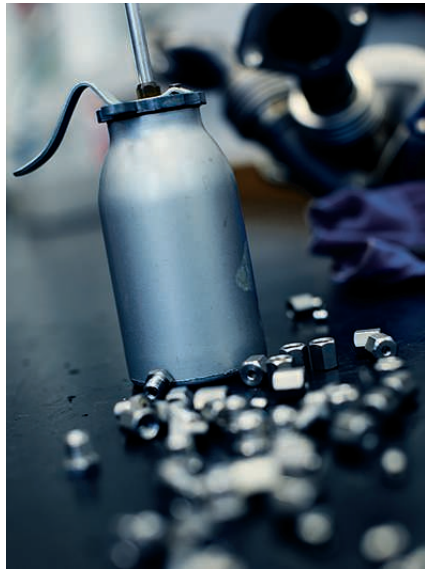
INTELLIGENT LIGHTWEIGHT CONSTRUCTION AND ATHLETIC DESIGN: The art of engineering – at its most powerful.

CHASSIS: Innovative systems for more driving pleasure.

BMW CONNECTED DRIVE: Services & Apps and driver assistance.

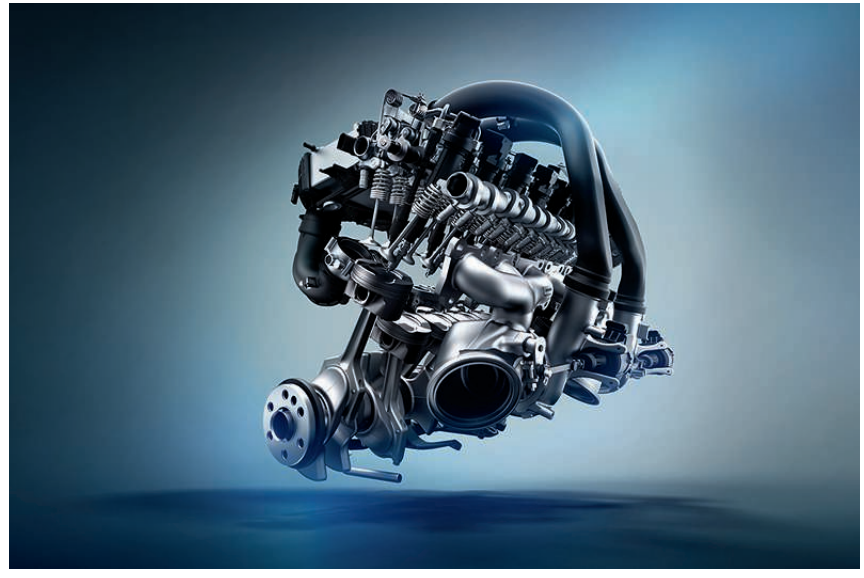
M TwinPower Turbo engine.
Performance with maximum efficiency.

Experience a new dimension of driving enjoyment and efficiency with the innovative BMW engines featuring M TwinPower Turbo technology. This innovation package – a milestone of the BMW EfficientDynamics strategy – combines the latest fuel injection technology and fully variable valve control with innovative turbocharging technology to increase dynamism and efficiency. The result: pure driving pleasure.



M TWIN POWER TURBO INLINE SIX-CYLINDER PETROL ENGINE.

A passion for innovation and technology combined with many years of motor sport experience flow into every engine developed by BMW M GmbH. It follows that the interplay of all components, including M TwinPower Turbo technology with Valvetronic, two weight-optimised mono-scroll turbochargers, the forged crankshaft and the high-performance cooling system delivers outstanding responsiveness and maximum performance output in the M TwinPower Turbo engines. At the same time, emissions and fuel consumption are reduced.



BMW M4 Coupé / BMW M3 Saloon / BMW M4 Convertible.

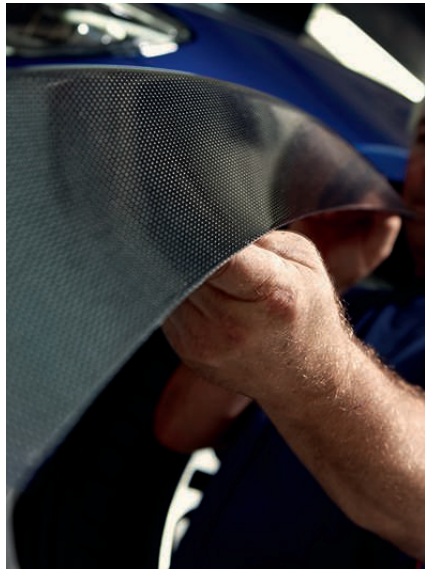
- M TwinPower Turbo inline six-cylinder with 317kW (431hp) and 550Nm
- Acceleration 0–100km/h: 4.1s (BMW M4 Coupé/BMW M3 Saloon) and 4.4s (BMW M4 Convertible), each with 7-gear M dual-clutch transmission
- Top speed: 250km/h (restricted)
- Combined fuel consumption: 8.3l/100km[1] (BMW M4 Coupé/BMW M3 Saloon) and 8.7l/100km[1] BMW M4 Convertible), each with 7-gear M dual-clutch transmission
- CO_2 emissions: 194g/km[1] (BMW M4 Coupé/BMW M3 Saloon) and 203g/km[1] (BMW M4 Convertible), each with 7-gear M dual-clutch transmission.

[1] Fuel consumption and CO_2 emissions are dependent on wheel and tyre size.
For more information, see pages 48/49.

Intelligent lightweight construction and athletic design.

The art of engineering – at its most powerful.

The BMW M4 Coupé, BMW M3 Saloon and BMW M4 Convertible deliver maximum driving pleasure coupled with an outstanding performance/fuel consumption ratio thanks to EfficientDynamics measures such as intelligent lightweight construction in combination with athletic design.



BMW M engineers are always exploring the development of intelligent vehicle concepts. And the results, from drivetrain innovations through to body components, are integrated specifically into M vehicles – for exceptional driving performance with impressive efficiency.

M TwinPower Turbo technology featuring a high-rev concept combines performance with efficiency. Innovative turbo technology, High Precision Injection, fully variable Valvetronic valve control, Double-VANOS and the high-rev principle guarantee immediate responsiveness, linear power development over a wide range of engine speeds and a unique sound.

Intelligent lightweight construction is a peak priority in M vehicles. This is because low weight is the optimum platform for the best driving dynamics and exemplary efficiency. Ultra-light materials such as magnesium, aluminium and carbon fibre-reinforced plastic (CFRP) are used in many components. This all ensures greater agility and dynamism, including improved acceleration and braking.

Comprehensive and coordinated **aerodynamics measures** optimise driving dynamics, stability, controllability and cooling of M vehicles, particularly at high speeds. Reduced air resistance also improves performance and lowers fuel consumption.

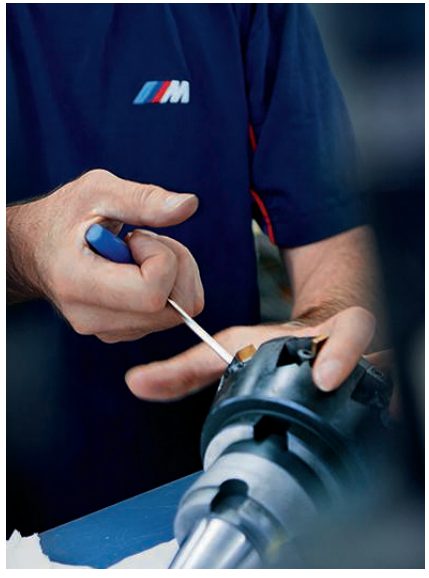
With Brake Energy Regeneration, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is transformed into electrical energy and fed into the battery.

The Auto Start-Stop function switches the engine off when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to reduce overall fuel consumption. When the driver presses on the clutch (six-speed manual) or takes their foot off the brake (optional 7-gear dual-clutch transmission with Drivelogic), the engine automatically starts up again in a fraction of a second.

Carbon roof. As part of the BMW intelligent lightweight construction concept, the roof of the BMW M4 Coupé and BMW M3 Saloon is made of carbon fibre-reinforced plastic (CFRP). This helps to reduce mass while also lowering the centre of gravity. And this, in turn, increases agility and dynamics when cornering, accelerating and braking. The carbon fibre structure is visible.

The chassis.
The best foundation for superior driving dynamics.

Conventional rules do not apply to the new BMW M4 Coupé, new BMW M3 Saloon and new BMW M4 Convertible. As independent productions of BMW M GmbH, they are faithful to the M philosophy and perfectly combine high performance with optimum, everyday practicality. To fulfil these high aspirations, the intricately constructed M high-performance chassis has been entirely redeveloped.



The intelligent networking of chassis components and control systems ensures maximum driving dynamics and agility as well as a high degree of precision and control. Experience fascinatingly authentic driving feel.

The **Active M Differential** optimises traction and driving stability when changing lanes or accelerating out of curves, when cornering at high speed or on roads with uneven surfaces. Traction is improved via an electronically controlled device that reduces the difference in revolution speed between the rear wheels.

M Dynamic mode enables the maximum exploitation of lateral and longitudinal dynamic potential for a particularly authentic driving experience. It works by raising the intervention threshold of the Dynamic Stability Control (DSC) system, although the driver is still supported in critical situations.

With the optional **Adaptive M suspension**, electronic control of the shock absorbers ensures optimised road contact and traction in any situation. The suspension settings can be adjusted from comfortable through to sporty-dynamic via the Comfort, Sport and Sport+ modes.

M Servotronic adjusts the power steering to suit the current speed and, even at high speeds, ensures direct and precise steering responses. It also provides excellent comfort by minimizing the effort required for steering, as well as maximising agility when parking, manoeuvring and navigating narrow or twisting roads.

The optional **7-gear M dual-clutch transmission with Drivelogic** is an innovative dual-clutch system specially designed for the high-revving BMW M engine. It enables extremely fast gearchanges without any loss of tractive force. Two sub-transmissions, each with its own clutch, continuously relay engine power to the rear wheels.

With the optional **M Carbon Ceramic Brake System**, braking power is implemented more directly. It doesn't corrode, tolerates more heat, is highly resistant to abrasion and contributes to lower vehicle weight, which has a positive impact on agility, dynamics and acceleration. Brake calipers in Gold Metallic with the M logo make this special technical feature visible from the outside of the car.

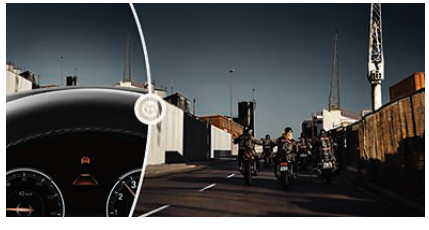
BMW ConnectedDrive
So connected, you're free.

Every day our lives are becoming more and more connected. BMW drivers, however, enjoy better connections with the outside world than most. They can source information, communicate by telephone and email, keep an eye on the traffic and generally stay up to date while on the move. The services that so effectively network BMW vehicles with the outside world are grouped under one term – BMW ConnectedDrive.[1]

The **ConnectedDrive Services** option keeps you seamlessly connected with the things, and the people, that matter to you. And every function has been developed to enhance the driving experience. ConnectedDrive Services offers a wealth of services and apps including, for example, Facebook, web radio and Message Dictation.

BMW ConnectedDrive mit seinen intelligenten Diensten und Assistenzsystemen hält für jeden die richtige Ausstattung bereit. Die **BMW ConnectedDrive Services & Apps** bieten mehr Freiheit durch vielseitige Vernetzungen von Fahrer, Fahrzeug und Außenwelt. Die **BMW ConnectedDrive Fahrerassistenzsysteme** machen die Fahrt im BMW nicht nur sicherer, sondern auch komfortabler. Intelligente Systeme entlasten den Fahrer und minimieren die Gefahren im Straßenverkehr.

Das optionale **BMW Head-Up Display mit M spezifischer Anzeige** (nur in Kombination mit Navigationssystem) projiziert fahrrelevante Informationen direkt ins Sichtfeld des Fahrers. Per Tastendruck kann auf die M spezifische Anzeige gewechselt werden, die auch die Ganganzeige des manuellen 6-Gang M Schaltgetriebes oder des optionalen 7-Gang M Doppelkupplungsgetriebes mit Drivelogic, die Drehzahl als dynamisches Drehzahlband sowie Shift-Lights für den optimalen Schaltzeitpunkt anzeigt.



Das optionale **Navigationspaket ConnectedDrive** enthält das Navigationssystem Professional mit 8,8"-Farbdisplay und iDrive Touch Controller. Im Navigationspaket sind Komforttelefonie mit erweiterter Smartphone-Anbindung, Real Time Traffic Information, ConnectedDrive Services inkl. BMW Online und BMW TeleServices sowie die Remote Services und der Concierge Service enthalten.

Mit der **BMW M Laptimer App** können auf Rennstrecken Fahrdaten präzise aufgezeichnet und anschließend zur Verbesserung der eigenen Fahrleistung analysiert werden. Die Aufzeichnungen lassen sich als Schnappschuss auf Facebook und Twitter posten oder die Werte, die unter anderem Gaspedal, Lenkwinkel, g-Kräfte und auch die beste Rundenzeit enthalten, per E-Mail austauschen.[3]

[1] Weitere Informationen zu BMW ConnectedDrive, insbesondere zu Laufzeiten der Dienste und Kosten, erhalten Sie unter **www.bmw.de/ConnectedDrive_Informationen,** in der Preisliste oder bei der BMW ConnectedDrive Hotline unter 089 1250 16010 täglich von 08.00 bis 20.00 Uhr.
[2] Voraussichtlich verfügbar ab Ende 2014.
[3] Laden Sie sich die BMW M Laptimer App im App Store herunter und erleben Sie die Dynamik Ihres BMW M4 Coupé, Ihrer BMW M3 Limousine oder Ihres BMW M4 Cabrio von einer ganz neuen Seite. Weitere Informationen erhalten Sie unter **Customer.Service@bmw.com**

BMW M4 COUPÉ.

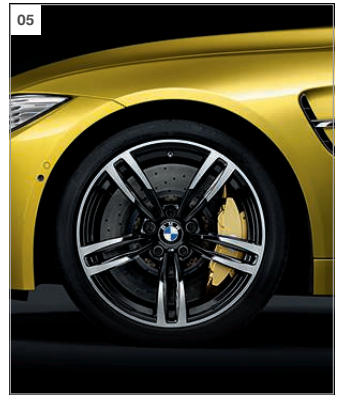
01

02

03

04

05



[01] The athletic design of the BMW M4 Coupé accelerates the senses – even at a standstill. **[02]** Striking interior design with circular, M-specific instruments, the M leather steering wheel with chrome trim and coloured contrast stitching as well as the optional Carbon Fibre interior trim.

[03] The tailgate design features an integrated rear spoiler that aerodynamically optimises downforce and further reduces weight through its use of carbon. **[04]** The M seats, with their functional bucket-style character, integrated head-restraints and illuminated M symbols, have a powerful design and perfect ergonomics. Shown here in the optional full, fine-grain Merino leather in Black. **[05]** The optional 19" M light alloy wheels Double-spoke 437 M with mixed tyres, shown here in black, signal the vehicle's lightweight construction concept with their special forging technology.

EXPLORE THE EQUIPMENT CHOICES FOR THE BMW M4 COUPÉ.

BMW M3 SALOON.

01

02

03

04

05

[01] The bold design demonstrates the innate power of the BMW M3 Saloon. **[02]** The athletic interior is characterised by typical M driver orientation and perfectly crafted materials. The ergonomically optimised shift lever of the optional 7-gear dual-clutch transmission with Drivelogic conveys motor sport feel and the free-standing Control Display presents all functions in particular clarity.

[03] The diffusor and characteristic M double tailpipes in the rear apron signal power and compelling purpose. **[04]** The deep position and high side bolstering of the M seats with their bucket-style character, shown in optional full, fine-grain Merino leather in Silverstone, convey a motor sport feel. **[05]** The light alloy wheels are specially optimised for steering precision, traction and stability. Optional 19" M light alloy wheels Double-spoke 437 M with mixed tyres, here in Ferric Grey.

BMW M4 CONVERTIBLE.

01

02

03

04

05

[01] At the front, multi-faceted surfaces, precise contours and a strong three-dimensional feel give full expression to a new understanding of design from BMW M. **[02]** The exclusive cockpit with typical M driver orientation exemplifies the ergonomic concept of M vehicles. All control elements and displays, as well as details such as the M driver's footrest, are consistently focused on the driver. The emphasis, as in motorsport, is on intuitive control combined with the fastest possible reaction times.

[03] The "fast" side lines and sporty, flat rear combine high dynamism with the utmost elegance. **[04]** The M seats are distinguished by their perfect ergonomics and body support during dynamic driving. Shown here in optional Sakhir Orange full fine-grain Merino leather. **[05]** The M light alloy wheels feature sporty design and contribute to the car's weight reduction. 18" M light alloy wheels V-spoke 513 M with mixed tyres, as standard.

BMW Individual.

The expression of personality.

BMW Individual paint finish
Azurite Black metallic.

The BMW Individual M3 Saloon. A sporting icon that also sets the aesthetic standards.

☐ The unmistakable appearance of a legend: inspired by azurite crystals, the BMW Individual paint finish Azurite Black metallic, in the fall of light, reveals a unique spectrum in blue beneath its deep-black surface, giving the BMW M3 Saloon a particularly elegant presence.

The fifth generation, the highest values: The palpably fine structure and exquisitely soft surface of the BMW Individual fine-grain Merino leather in Amaro Brown impresses with its velvety look and supple feel. The interior trim Plane Auburn dark in hand-selected fine wood complements the leather perfectly.

BMW Individual fine-grain Merino leather in Nutmeg, Gold Brown, Opal White, Amaro Brown and Cohiba Brown (top to bottom).

BMW Individual extended fine-grain Merino leather in Amaro Brown with fine-wood trim in Plane Auburn dark and leather-covered instrument panel.

[3] Roof rack preparation only in conjunction with optional glass roof.
[4] The petrol engine is designed to run on RON 98 fuel. It may be run on RON 95 fuel with a possible decrease in engine output.
[5] The inline six-cylinder engine complies with the EU6 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle. This is made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO_2 emissions are measured in addition to fuel consumption. Optional equipment may increase these values.
[6] Electronically restricted.
[7] Preliminary values subject to confirmation (based on ECE test cycle), missing values not available when going to press.

All optional equipment in this brochure can be installed in the factory. For additional requests, your BMW partner can provide accessories brochures offering a wide range of features. If you have very specific wishes for your BMW, there is also BMW Individual, which is sure to have exactly the right equipment to meet any requirement. If you have any questions, please see your BMW partner who will be glad to assist.

All dimensions in the technical drawings are given in millimetres.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service partner** can access these vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Original BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service partners** in more than **150 countries**.

BMW SERVICE.

BMW Service Inclusive*: BMW Service Inclusive enables you to enjoy unlimited driving pleasure in your new BMW. You can select different levels of coverage and various contract durations. Costs for maintenance, inspection and wear are covered for the entire duration of the contract. Of course, only Original BMW Parts will be used for any repairs. And this does not just apply in your country, but worldwide, at all participating BMW Service partners. For further information visit **www.bmw.com/serviceinclusive**

BMW Mobile Service*: In the event of a breakdown, BMW Mobile Service is at your disposal round the clock. Specially trained BMW technicians will do everything necessary to get your BMW back on the road as quickly as possible. If this should ever prove impossible, your BMW comes with comprehensive mobility services that are available across Europe for up to five years after initial registration, in line with the applicable BMW Mobile Care warranty conditions. For further information please visit **www.bmw.com/mobileservice**

BMW TeleServices*: BMW Services will automatically advise you when your car needs maintenance. You'll receive reminders of service appointments and the type of service required. This means less worry for you. You have more time to yourself and can feel more confident and relaxed. Another bonus: this special service is free of charge if your vehicle is equipped with the intelligent emergency call (SA6AC) or the optional ConnectedDrive Services equipment package (SA6AK). For more on this topic please visit **www.bmw.com/teleservices**

BMW FINANCIAL SERVICE.

BMW Financial Services: Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit **www.bmwfs.com** or ask your local BMW partner to make you an individual offer.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit **www.bmwdrivingexperience.com**

BMW Welt: A visit to BMW Welt is something you will never forget, whether you go to pick up a new car or just to enjoy the fascination of the brand. To collect a new vehicle, you can choose between three options: Premium Compact, Premium or Premium Plus. To enjoy BMW Welt online, simply visit **www.bmw-welt.com/en**

BMW Magazine: Information and entertainment: the BMW Magazine brings you all the latest news from the world of BMW.

SHAPING THE FUTURE – RESPONSIBLY.

In 2013, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO_2 emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated no waste water at all. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our website.
